It is reported that the temple is an old one and situated in the midst of inhabited houses in a crowded locality of the Mysore City. On both these grounds it seems desirable to put it in good repair at once. The Estimates may be sanctioned from the State Grant and the Dr/Comr asked to see the work finished before the close of the official year — GR 26/3/03

Note contd

As per Orders of the Dewan recorded on page 3 of the notes, Government, in their Proceedings No. 2032-3, dated the 4th April 1903, sanctioned two estates - one for Rs 300/-, and the other for Rs 150/- from the State Grant of 1902-03, for the repairs of the Sri Panchamukhi Anjaneyaswamy temple and the out-house attached thereto, respectively.

The Deputy Secretary in charge of the Muzrai Department inspected the Institution in the month of October 1903. During his inspection, he observed that the sanctioned repairs had not all been carried out and that the preparation of a revised estimate for such of the works as were subsequently found necessary, was being contemplated upon. Then, it was brought to his notice that the Institution was endowed with some Inam lands in the Mysore District, that it had 2 shops attached to it. Suggestions were also made to make these shops more spacious so that they might yield a higher rent.

The Deputy Commissioner was thereupon requested in this Office No 861 Mustt. 50-02 dy 22nd October 1903, submit measurement bills for the works actually as per Govt Order of the 4th April 1903

sanctioning the repairs, and to report if there were any lands in the Mysore District endowed to the Institution what rent the shops attached to it were yielding; and what they would fetch if they were improved, as suggested. The submission of a revised estimate for the further repairs needed to the Institution as well as a Supplemental estimate for improving the shops were also requested

In reply to the above, the Deputy Commissioner states, in his letter No. 295 of the 30th April 1904, that payments of Rs 25/-, Rs 240/- and Rs 150/- have been made to the Contractor from time to time on the 3 measurement bills submitted by him and submits for sanction a revised estimate for Rs 840/-, being Rs 390/- in excess for the repairs of the Institution of the original estimate, and a Supplemental Estimate for Rs 40/- for the improvement of the shops and recommends that the charges may be met from the State Grant. He also reports as follows:-

(1) that Dry lands to the extent of 42 acres 35 guntas and assessed at Rs 27/- situated in the village of Agarahalli da Kalé, Mangowda's Kundi Sundavalli Hobli, Mysore Taluk, have been endowed to the Institution, and that they are yielding to the Archak Rs 14/- annually, and that steps are being taken to increase the gutta;

and (2) that out of the 2 shops attached to the

Institution, one has been let out for Rs 2-8-0, and the other may fetch Rs 2/- after the proposed improvements are made.

The lands mentioned by the Deputy Comm^r as having been endowed to the Temple, are identical with those ~~noted~~ noted in the margin of page 2 of this note. ~~He~~ As regards the two Survey Nos noted on the margin as being situated in the Chamarajnagar Taluk, Oodigal village, separate orders have been passed in Govt Pro: No 3430-1 Dy 2nd May 1904, directing that these may be entered in Inam accounts in the name of the temple
